INTRODUCTION

The Plan Commission and Architectural Review Board (PC/ARB) are two distinct boards that are composed of the same members and hold joint meetings the first and third Monday of the month. The PC/ARB is responsible for rendering decisions and making recommendations to the Board of Alderman on a variety of development projects and amendments to the Zoning Code.

The Plan Commission reviews and makes recommendations to the Board of Aldermen regarding Conditional Use Permits, subdivision plats, rezonings, Planned Unit Developments (PUD) and amendments to the Land Use Code. The Plan Commission is also charged with reviewing and approving site plans and boundary adjustments. The Architectural Review Board reviews the design and materials associated with new construction, additions, alterations and improvements to existing structures, to assure that proposals are feature high quality design and materials, and are compatible with adjacent structures.

YEAR IN REVIEW

In 2014, the PC/ARB considered 84 applications for a variety of projects. Some notable accomplishments include:

- The Crossing (7922 Bonhomme Avenue), a 26-story, 376,109-square-foot mixed-use building containing 9,725 square feet of first floor retail, 250 residential units, and 212 structured parking spaces.
- Conceptual review of four large-scale projects in Downtown totaling over 700 residential units.
- Review and approval of 16 new single family homes (a 7-year high).
- Recommendation of approval to the Board of Aldermen for new Bicycle Parking and Outdoor Dining Regulations.

The following is a comprehensive list of the projects considered by the PC/ARB in 2014. All projects were approved or recommended for approval to the Board of Alderman unless otherwise noted. Staff believes all actions of the PC/ARB have been in conformance with the goals and policies of the City’s adopted Master Plan and Zoning Regulations.
Administrative

In 2014, the Plan Commission and Architectural Review Board held four discussion sessions with City staff regarding different elements of the City’s Land Use Code including general provisions, general regulations, non-conforming uses, and off-street parking and loading.

Public Hearings

The Plan Commission held multiple public hearings in 2014 regarding a Planned Unit Development and three text amendments to the City’s Zoning Regulations, all of which were subsequently approved by the Board of Aldermen.

Planned Unit Development
- 7922 Bonhomme Avenue—Mixed Use (The Crossing)

Text Amendments
- Bicycle Parking Regulations
- Outdoor Dining Regulations
- Administrative amendments to the Zoning Regulations to clarify existing requirements.

Conditional Use Permits

The Plan Commission considered 11 applications for Conditional Use Permits and recommended to the Board of Aldermen approval of 11 requests including 4 restaurants, 6 commercial/institutional uses and 1 residential second unit, all of which were approved by the Board of Aldermen.

Institutional and Commercial
- 7901 Clayton Road—Fitness Studio (Fuel)
- 7801 Forsyth Boulevard—Drive-Through (PNC Bank)
- 7817 Forsyth Boulevard—Package Liquor Store (The Wine Merchant)
