INTRODUCTION

The Plan Commission and Architectural Review Board (PC/ARB) are two distinct boards that are composed of the same members and hold joint meetings the first and third Monday of the month. The Plan Commission reviews and makes recommendations to the Board of Aldermen regarding Conditional Use Permits, subdivision plats, rezonings, Planned Unit Developments (PUD) and amendments to the Land Use Code. The Plan Commission is also charged with reviewing and approving site plans and boundary adjustments. The Architectural Review Board reviews the design and materials associated with new construction, additions, alterations and improvements to existing structures, to assure that proposals feature high quality design and materials, and are compatible with adjacent structures.

YEAR IN REVIEW

In 2015, the PC/ARB considered 84 requests for a variety of projects. The following is a comprehensive list of the projects considered by the PC/ARB in 2015. All projects were approved or recommended for approval to the Board of Alderman unless otherwise noted. Staff believes all actions of the PC/ARB have been in conformance with the goals and policies of the City’s adopted Master Plan and Zoning Regulations.

PC/ARB Requests

*Public Hearings* include text amendments, plan adoption, and rezonings.
*Joint PC/ARB Review* includes conceptual review, site plan review, Planned Unit Development and Special Development Districts.
*Administrative* includes discussion sessions.

Administrative

In 2015, the Plan Commission and Architectural Review Board held two discussion sessions with City staff regarding the Missouri Sunshine Law and stormwater regulations.
Text Amendment & Rezoning

The Plan Commission held five public hearings in 2015 for rezonings and text amendments. Rezonings to Planned Unit Development (PUD) are listed under “Joint Plan Commission & Architectural Review Board Review.”
